

International Ski
Mountaineering
Federation

July 16, 2009

Dear ISMF member,

Last July 20th, our annual Plenary Assembly was held in Bratislava. Many of you were present there making possible the historic fact of a record of participation (20 associations were represented).

You have already received the minutes some days ago and now we send you the Statutes and the regulations, once updated with the modifications approved, and the C.V. of the auditor appointed during the Assembly. Soon you will receive the information in order you can send us your candidates for the Rules Commission.

Since the foundation of the International Federation approximately one year ago, we have progressed a lot in the development of our organization but we still have a long way to go. Because of that, we ask you for your support and your participation in all projects we are carrying out. We need people willing to actively collaborate and, because of that, I encourage all those who are interested in participating in the development of this sport to contact me so they can join our work team.

Until our next Plenary Assembly, where we will elect our next General Secretary, you can continue to use the following e-mail address, office@ismf-ski.org, to send us your requests regarding all the questions of the General Secretariat and our administrative staff will answer you properly.

We are currently considering several options to make easier the process to issue licences for your competitors. We hope that at the beginning of September we will be able to announce improvements on this question.

I wish you a good summer holiday,

Best regards,

Lluís López
President
